ASDAN				
Qualification	Unit	No. Entries	No. Passed	% Pass rate
PSD	Various	6	6	100%
Towards Independence	Various	1	1	100%

ASDAN qualifications were claimed using calculated grades for all learners in Year 14.

Conclusions

- Entries for accredited qualifications have **increased** due to a wider range of accredited qualifications are now being offered
- Pass rate has **increased** across English, Maths and Science because more appropriate assessment methods are being used for our students so they can demonstrate their skills, knowledge & understanding
- **Positive destinations remain high** (100% of leavers (Y11 & Y14) transitioned to their chosen destination. Careers guidance and links to colleges remains a strength of the

school and all student / parents / carers were offered a remote careers appointment in the summer term.
